

MALARIA AND WEAK HEART

The following interesting story, told by Mr. J. H. Riley, Pensioned Fireman of South Boston, Mass., is a sample of the thousands received from grateful men and women who have been benefited by the world's great tonic-stimulant.

In an interview, Mr. Riley said: "I joined the Fire Department of South Boston in 1890, and was lately pensioned off because of a bad fall while in service, which telescoped my spine.

"A little over a year ago I was taken sick while in the engine-house, and it developed into heart trouble and malaria. I went to a number of doctors and two different hospitals, and went through a course of treatment from each, but I did not receive much benefit from any of them. The doctors would not let me go in swimming, nor smoke, nor drink anything but water. I stopped both tea and coffee. My case was getting very serious when a friend said to me: 'Why don't you get a bottle of Duffy's Malt Whiskey?' I knew a man who was given up for all time, and he took Duffy's Malt Whiskey, and to-day he is as well a man as you can find. So I commenced taking Duffy's Pure Malt Whiskey, and the result is that the doctors now say that I am all right, and I never felt better in my life. Of course, I am very little good as far as heavy work is concerned, owing to my injury, but I am well, and that is a good thing to be able to say. I thank you for the remedy that put me on my feet again."

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic-stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

(DOSE): One teaspoonful in each glass of drinking water during the hot weather will kill all germs.

If weak and rundown, take a teaspoonful four times a day in half a glass of milk or water. It stimulates the heart action, causes the blood to course more quickly through the veins, and builds new tissue.

Duffy's Pure Malt Whiskey is sold throughout the world by druggists, grocers and dealers, or shipped direct for \$1.00 per bottle.

If in need of advice, write Consulting Physician, Duffy Malt Whiskey Company, Rochester, N. Y., stating your case fully. Our doctors will send you advice free, together with a handsome illustrated medical booklet, containing some of the many thousands of gratifying letters received from men and women in all walks of life, both old and young, who have been cured and benefited by the use of the world's greatest medicine.

IN WASHINGTON'S MEMORY

Masons Raising Funds to Erection of Building at Fredericksburg.

[Special to The Times-Dispatch.]
FREDERICKSBURG, Va., August 22.—Some time ago the lodge No. 1 of this city which made George Washington a Mason and has among its valuable relics the records well preserved, showing when he passed and raised, conceived the idea of building a grand Masonic Temple in this city as a memorial to Washington. The lodge has been successful in appealing to the subordinate lodges in the United States for contributions towards that object.

The lodge in accomplishing this has been carried forward in a systematic, earnest manner. Already subscriptions have been secured to an amount exceeding \$7,000, and Mr. Clarence R. Howard, worshipful master of the lodge and chairman on the committee on memorial temple, is receiving daily additional donations from lodges in different parts of the country.

Many lodges have met during the summer months and in the fall and winter, when the lodges have their regular meetings, the fund will be largely augmented, and that within a reasonable time the fund will reach such proportions as to guarantee the erection of a temple here that will be a pride not only to Fredericksburg Masons, but to the fraternity generally.

MANY ARE HOMELESS

Fire Threatens Large Residence District in Chicago.

CHICAGO, Aug. 22.—Thirty families were made homeless today by a fire which threatened the residence district in the neighborhood of West Van Buren street and Campbell street, and which threatened a three-story apartment building to the extent of \$50,000.

Many of the occupants of the building at 1024-4 West Van Buren street, where the fire started, were compelled to flee from the flames in their night clothes. Mrs. Mary Kuhn, 62 years old, an invalid, was carried down a ladder from her room on the second floor of the burning building, and others were assisted by the firemen in escaping from the flames.

DEAF MUTES ADJOURN SINE DIE

Session Was Success in Every Way—Political Muck in Wake County.

[Special to The Times-Dispatch.]
RALEIGH, N. C., August 22.—Last evening Rural Mail Carrier Sheron, having a circuit in this county out from Lillian, narrowly escaped drowning in Barton's Creek, and did lose the mail and his buggy, the horse having broken away from the vehicle and gotten to the bank about a mile from the ford. Sheron was attempting to cross before he got out. There are at least two rural routes out of service in the county just now on account of high water, due to frequent rain lately and a steady downpour for some time yesterday.

A charter was to-day issued for the Wilkes County Fair Association, capital \$125,000 authorized and \$45,000 subscribed by H. W. Horton, Clarence Call, C. H. Gwyn and others, for holding a county fair annually and providing permanent fair grounds.

Makes Charges.
A considerable stir is being made in Wake officialdom and among politicians by a signed statement from H. E. Norris, former county attorney, in the morning paper that the present county commissioners not only have no right to borrow money for the county road commission to continue its work in support of the petition the members of the board who voted for the recent sum borrowed for that purpose are liable to a \$200 fine each, to be collected by any one prosecuting. He cites the State Constitution and states in support of the position he takes. Only Chairman D. T. Johnson, of the board, recently voted against borrowing, so that he alone would be exempt from prosecution.

W. W. Kitchin, Democratic nominee for county clerk, is getting out into campaign work, being at Lillington today for a speech. He conferred with State Chairman A. H. Eller last night, and a number of appointments were made, beginning September 1st. The following are the dates: September 1st, Sparta; September 2d, Jefferson; September 3d, Boone; September 4th, Bakersville; September 5th, Burns; September 6th, Marshall; September 7th, Asheville; September 8th, Waynesville; September 9th, Bryson City; September 10th, Murphy; September 11th, Franklin; September 12th, Webster; September 13th, Bravard; September 14th, Hendersonville; September 15th.

Supreme Court.
The North Carolina Supreme Court convenes for the fall term Monday, August 31st, the first day to be, as usual, devoted to the examination of applicants for license to practice law. It is understood that one of the largest "classes" in quite a while will be on hand for the examination, the University of North Carolina, Wake Forest, Trinity and Davidson College law schools, as usual furnishing the bulk of them. Following the examination the appeals will be called by districts in usual order.

Mutes Adjourn.
The North Carolina Association for the Deaf, in session here the past two days, has completed the election of officers and other matters of organization. D. R. Trillich was elected president yesterday. Other officers subsequently chosen are W. H. Chambers, formerly of Raleigh, but teaching in Knoxville, Tenn., the past year, vice-president; R. S. Taylor, of Raleigh, secretary; F. Ray, Greensboro, treasurer. The executive committee, other than the officers, will be appointed by the president later.

The association adopted resolutions expressing appreciation for the interest manifested in the education and care of the deaf, dumb and blind by the State Legislature, the State officers and the press of the State.

Political News.
One of the latest developments in the political situation in this county is the declaration of the North Carolina Farmers' Protective Association for the Democratic nomination for county treasurer, that he will run independently against L. Brown Pegram, because he was not allowed to have a second primary on the ticket, that the second highest man, P. B. Williamson, retired. Also there is the further complication that Rev. A. E. Hunter, the Baptist preacher, who was in the race and made a hit, is against present Treasurer Williamson, declares he will fight the election of Pegram on the same ground.

Efforts are being made to adjust the differences, as it is feared that the Democratic vote will bring about the election of William J. Andrews, the Republican nominee. He is a son of Colonel A. B. Andrews, vice-president of the Southern Railway Company, and is making a strenuous fight for the treasuryship.

CAROLINA TOBACCO MEN

Annual State Session Results in Determination to Fight the Trust.

[Special to The Times-Dispatch.]
WINSTON-SALEM, N. C., August 22.—At the annual meeting of the North Carolina Farmers' Protective Association here this afternoon plans were discussed looking to the work of the association during the next year. It was decided, first of all, to begin and prosecute a campaign for members, and the directors were instructed to employ organizers to work in every county in the State producing tobacco. The directors were also instructed to open the subscription books for the Farmers' Protective Company, an organization recently incorporated by the State of North Carolina, and which is empowered to buy, manufacture and deal in tobacco. Later on it is proposed that this company shall enter the field and buy leaf on the floors in competition with the trusts.

The authorized capital stock of the company is to be \$250,000, with shares at \$5 each. However, until there is a more thorough organization in the tobacco counties, the convention decided not to push this feature of the association's plan.
